Dear Mr. Deane,

Thank you for your prompt response. I understand your concern regarding the possibility of duplicating efforts. However, I must clarify that the NSF Reimbursement Statement is a separate process from the Council of Scientific & Industrial Research (CSIR) Fellowship Application.

The NSF Reimbursement Statement is required to support the expenditures incurred while undertaking the fellowship. On the other hand, the application for CSIR Fellowship involves submitting comprehensive documentation to ensure eligibility and qualification.

I assure you that both processes are distinct and aligned with their respective objectives.

Thank you for your understanding.

Best regards,
